Remarks/Directions

Client Rmks: **This beautifully upgraded home offers a perfect blend of modern luxury and comfort while maintaining the charm of a 70s chalet. Every detail, from the windows to the showerheads, has been thoughtfully designed. The main living area in this side-split layout is just a few steps up from the foyer and opens into a bright, spacious great room filled with natural light. Enjoy stunning sunset views, cozy up by the gas fireplace, or admire the smart layout of a spacious kitchen island, complete with a pot filler over the stove and built-in storage. Stylish blinds throughout allow you to control how much sunlight enters, creating a warm and inviting atmosphere. The foyer itself is practical, with a mudroom, a laundry closet, and a convenient three-piece bathroom with easy access to the outdoors. A few steps down from the foyer lead to the charming**

sleeping quarters - three cozy bedrooms and a well-designed shared four-piece bathroom with a heated floor for added comfort. Located in the peaceful Swiss Meadows community at the top of Blue Mountain, this area offers oversized lots and a calm, scenic setting typical of this quiet, mature neighborhood. It's a perfect base for skiing and ski lifts are within walking distance. You can also hike the nearby Bruce Trail, explore the Scenic Caves, or take a short drive to Collingwood or Blue Mountain Village. After a day of adventure, relax on your deck or gather around the fire pit to enjoy community events that create a friendly, welcoming atmosphere.

Inclusions: Refrigerator, stove, dishwasher, washer, dryer, window coverings, TV and mount (living room), primary bedroom IKEA bed frame with drawers and mattress, mattresses, boxsprings & frames in two secondary bedrooms (not including staging headboards), mirrored closets in all bedrooms

iGUIDE Method of Measurement

Definitions

Interior Area is a per floor calculation, made by measuring to the inside surface of the exterior walls. The footprint of all interior walls and staircases is typically included.

Excluded Area is a sum of the area of all rooms (measured to the inside surface of room walls) that are excluded from the Interior Area for a floor and the footprint of corresponding walls. Prescribed area exclusions can vary from region to region. Examples of exclusions are spaces open to below, garages, cold cellars, crawl and reduced height spaces.

Exterior Wall Footprint is the sum of the estimated area of the perimeter wall segments bounding both Interior and Excluded Areas.

Exterior Area is a per floor calculation, made by measuring to the outside surface of the exterior walls and is represented by the sum of the Interior Area and the Exterior Wall Footprint.

Grade is the ground level at the perimeter of the exterior finished surface of a house. A floor is considered to be above grade if its floor level is everywhere above grade.

Total Interior Area is the sum of all Interior Areas.

Total Excluded Area is the sum of all Excluded Areas.

Total Exterior Area is the sum of all Exterior Areas.

Finished Area is a per floor calculation made by adding all enclosed areas in a house that are suitable for year-round use based upon their location, embodying walls, floors, and ceilings and which are similar to the rest of the house. Footprint of walls is attributed to finished area only when the walls are bounding finished areas.

Unfinished Area is a per floor calculation made by adding all enclosed areas that do not meet the criteria for Finished Area. Exceptions are outdoor and non-walkable areas, for example porches or areas open to below. Footprint of walls is attributed to unfinished area only when the walls are exclusively bounding unfinished areas.

Notes

For exterior walls that are adjacent to the outside of the property, where typically only the interior side has measurement data, an estimation of the exterior wall thickness (as directly measured at the property) is used to calculate its footprint. Considerations are not made for varying wall thickness along the perimeter.

Disclaimer

All dimensions and floor areas must be considered approximate and are subject to independent verification.

Private

11521 ON-26, Collingwood, ON L9Y 5E7, Canada

In their fast paced, high-tech world, students thrive in Pretty River Academy's state of the art school located in a parkland wilderness. It simplifies student life and allows us to focus on the classic art of face to face learning and mentoring. Our students are taught to Strive for Excellence so they can win Canada's top scholarships and, eventually, placement at the University of the choice. Students learn in our science labs, music and art studios, as well as outdoor classrooms. Our full length deck around the school allows for both casual and scientific observations in the wetland at our back door. PRA's full-sized gymnasium and climbing wall is an ideal space for physical education. Outside, the artificial turf is great for soccer, daily gym class, and a wide range of physical activities. Collingwood's expansive hiking trails lead right to our door and connect us to the longest walking trail in Canada. Students can use the trails to run, walk, bike, ski, and explore the community with fellow classmates

200 Oak St, Collingwood, ON L9Y 2Y1, Canada

The National Ski Academy (NSA) is a non-profit registered charity established in 1986 to provide an environment for student athletes to maximize individual potential through the pursuit of alpine ski racing excellence, academic achievement and personal growth. In 2010 the NSA became a Ministry of Education inspected private school, granting high school credits in Grades 9 to 12. Our home at 200 Oak Street in Collingwood, Ontario, Canada provides the facilities necessary for Canadian and international alpine athletes to pursue their ski racing dreams. The renovated 12,000 square foot Tornavene mansion offers classrooms, study hall, a gymnasium and weight room, tuning room, boarding for up to 35 student/athletes and a kitchen with a full time chef. For 30

years, the NSA has offered integrated Academic/Fitness/Ski Racing programs with boarding as an option. These programs have helped to develop Ontario Team and National Team ski racers and many of the top coaches in the country.

Petun Conservation Area^{6.09 KM away}

675485 2nd Line, Town of the Blue Mountains

Situated on one of the highest elevations of the Niagara Escarpment, the Petun Conservation Area was named for the aboriginal peoples that inhabited the land during the early 1600's. With approximately nine villages spanning across the Collingwood area, the Petun people practiced corn horticulture and were involved in the fur trade. Estimated population figures were over 10,000 by the year 1623. As part of the Niagara Escarpment's World Biosphere Reserve, this 100-acre site gives visitors endless opportunities to hike the Bruce Trail as it winds its way through a myriad of rock faces, cliffs and crevices. Unique fern and moss communities make for an interesting day of exploring. A pit privy and information kiosk is located on site along the trail.
